

The Kentucky Horse Council sponsors Horse College, a University of Kentucky Extension Office series of classes offered through local Kentucky extension offices. All materials for the class participants are purchased by the Kentucky Horse Council.

Topics covered in Horse College typically focus on pasture management and include seminars on:

- Grazing
- Traditional Forages in Kentucky
- How Forages Grow
- Establishing Pastures
- Health Concerns on Pasture
- Grazing Strategies
- Nutrient Requirements on Pasture
- Feeding Horses on Pasture
- Water Systems for Pastures
- High Traffic Areas
- Pasture Layout

For more information on Horse College or to attend Horse College in your area contact your local Extension Office.
